Reorganization of the Exec. Staff

1. References (a) and (b) have been reviewed in conjunction with other needs of the Office of Security and the following proposal is submitted as a combination of all the others which I feel would streamline management functions within the Office of Security:

(a) EPD would be eliminated as an organizational component within the Office of Security and the positions and functions would be transferred as follows:

- (1) GS-15 position C/EPD would be abolished.
- (2) Security policy matters coordination would be transferred to the position in the SSC now occupied by [REDACTED]
- (3) GS-13 position and GS-07 Secretary position now responsible for USIB matters to be transferred to SSC with functions. (Secretary slot should probably be downgraded at a later date.)

- (4) GS-13 Records Management position and GS-06 Secretary position to be transferred to SR&CD with function and to assume additional function of responsibility for the Microfiche Program.

- (5) GS-07 Secretary position to be transferred to A&TS as a Logistics Assistant position (to be filled by [REDACTED])
- (6) GS-14 Deputy Chief, EPD position to be transferred to A&TS as Planning Officer position.

(b) Concurrent with this action the following action should be taken within A&TS:

- (1) GS-11 Log Officer position would be abolished.
- (2) A&TS would assume all planning and reports functions except security policy functions.
- (3) Deputy Chief, A&TS will be upgraded from 14 to 15.

2. The net result of the above actions would be the deletion of two (2) positions from the Office of Security T/O and the transfer of two (2) positions to the Microfiche Program (SR&CD) which now has one person assigned to it on an overage basis.
